

TOPIC: E-RATE

QUESTION: Where can an applicant learn more about the e-rate program?

“The SLD website, www.universalservice.org/sl is a great resource for applicants to use to learn more about the entire e-rate program. Schools should also feel free to contact eTech Ohio for e-rate assistance. eTech Ohio is committed to ensuring that timely and accurate e-rate information is provided to Ohio applicants. To support this goal, we host workshops in October and December of every funding year. This year there were over 700 attendees at the e-rate workshops. Workshops are hosted regionally, so no one should have to travel very far to participate. E-rate workshops provide applicants with information about filing deadlines, assistance in filing out all forms, and we explain any changes in the program that may have occurred since the previous funding year. Applicants should also feel free to contact eTech Ohio anytime for additional one on one support.”
